

Red Kite Crystallographers

Summer Meeting

18th September 2012

Coach leaves Oxford Chemistry at 12:15.

Arrive at ISIS neutron facility, Target Station 2 (R80) foyer.	13:00
Tours of ISIS facilities.	13:15 – 14:15
Posters, tea and coffee.	14:15 – 15:00

Talks in R22 Pickavance Lecture Theatre, RAL

Introduction	15:15 – 15:20
--------------	---------------

<u>Steve Hull</u> , ISIS	15:20 – 16:00
--------------------------	---------------

ISIS Neutron Diffraction facilities and research

<u>Joe Paddison</u> , Oxford	16:00 – 16:15
------------------------------	---------------

Order within Chaos: the Magnetic Structures of Paramagnets

<u>Sebastian Busch</u> , Oxford	16:15 – 16:30
---------------------------------	---------------

Probing the structure of the peptide GPG-NH₂ in solution with neutron diffraction

<u>Roger Johnson</u> , ISIS/Oxford	16:30 – 16:45
------------------------------------	---------------

Multiferroicity in helical magnets

<u>Sam Callear</u> , ISIS	16:45 – 17:00
---------------------------	---------------

Order and disorder in lithium borohdride

Posters and Wine	17:00.....
------------------	------------

Coach back to Oxford leaves ISIS at 18:00.
